SUMMARY

Results-driven IT Professional specialising in RESTful API development, network security infrastructure, and firewall management. Proficient in simulating and deploying complex network environments using GNS3, VMware, and Wireshark alongside Windows Server and Linux systems. Strong SQL querying, programming expertise, and Odoo ERP management capabilities, with a focus on enhancing enterprise network stability and driving organizational efficiency.

WORK HISTORY

IT & Programming Intern

06/2025 – 10/2025 (4 months)

Almotkamel Alalami Company

- Engineered and deployed robust RESTful APIs and web applications using PHP (Laravel framework).
- Conducted comprehensive testing, code debugging, and performance optimization to improve user experience.
- Configured, optimized, and maintained Cisco routers and switches across LAN/WAN infrastructure.
- Monitored network traffic, resolved connectivity issues, and implemented secure IPsec VPN solutions.
- Assisted in implementing baseline firewall security policies and Intrusion Detection Systems (IDS/IPS).

EDUCATION

Bachelor's Degree in Information Technology (Networking & Security)

02/2021 – 02/2026 | Dammam, KSA

Arab Open University

Relevant Training: Cisco Networking Academy (CCNA v7 Certification Track): OSPF Routing, ACLs, NAT, VLANs, STP, and IPv4/IPv6 Architectures.

KEY PROJECT

Secure Enterprise Multi-Branch Network (Graduation Project)

- Architected a secure enterprise network environment utilizing advanced **GNS3** and **VMware** virtualization.
- Deployed **OPNsense Next-Generation Firewall (NGFW)** integrated with **IPsec VPN** for secure communication.
- Configured **Suricata IDS/IPS**, active firewall rules, NAT, and automated DNS filtering to mitigate cyber threats.
- Executed vulnerability assessments and penetration simulation tests using **Nmap**.

TECHNICAL SKILLS

Networking & VPN:	Network Protocols, IPsec VPN, LAN/WAN Architecture, OSPF, VLANs, NAT, STP, IPv4/IPv6
Security & Firewalls:	Firewall Management, OPNsense NGFW, Suricata IDS/IPS, Nmap Vulnerability Scanning
Systems & Tools:	Windows Server, Linux (Ubuntu/Debian), GNS3, VMware Virtualization, Wireshark, SQL
Development & ERP:	RESTful API Design, Laravel (PHP), Object-Oriented Programming, Odoo ERP Management

ADDITIONAL INFORMATION

Certifications:

- Odoo Functional Certification - Sample

Languages:

- Arabic:** Native
- English:** Upper Intermediate

Permits & Visas:

- Transferable Iqama
- Valid Saudi Driving License
